## Measuring up to Present day needs

The clothes of the present day man must do a greater duty than to simply WEAR—on them depends the impression he makes in business or society.

They must have the appearance of good clothes and the qualities to maintain this appearance while doing the service required of them.

This means style, fit and superior tailoring—to those that have investigated it means Stein-Bloch Smart Clothes.

Will you look at the new  
spring patterns to-day?

## Newsy Notes of Pendleton

### Case of Typhoid Fever.

Vernon Fowler, the five year old son of Mrs. Ida Fowler, is suffering from an attack of typhoid fever. He is reported to be some better today.

### Moves Into City.

Mr. and Mrs. D. C. Brown, who recently sold their small ranch at Riverside to N. C. Nelson, yesterday moved into the city, taking the residence at 513 Jackson street.

### Mrs. Boyden Ill.

Mrs. Boyden, mother of Dr. F. E. Boyden, has been ill for the past week and for a time it was thought she might be seized with pneumonia. However, she is improving now.

### Two Drunks in Court.

John Hart and W. H. Lowell were the only offenders in police court this morning. Both pleaded guilty to being drunk and went to jail for three days.

### Hermiston Landlord Has Baby.

A seven pound baby was born last night at St. Anthony's hospital to Mr. and Mrs. George W. Briggs of Hermiston. Mr. Briggs is the proprietor of the Hotel Oregon at Hermiston and returned to his home this morning visibly elated at the new addition to his family.

### Undergoes Operation.

Mrs. R. C. Todd of Hermiston, underwent an operation at St. Anthony's hospital yesterday. It was entirely successful and she is reported to be rallying as well as could be expected. Her daughter, who accompanied her here, returned to Hermiston on the local this morning.

### Improving But Slowly.

Harvey McPherson, well known local young man who has been confined to his home and the hospital for several months with tuberculosis of the knee, is still under the physician's care but following a second injection into the afflicted part, they believe he will improve more rapidly.

### Will Make Home in Frisco.

Mrs. Fannie Moses, widow of the late Louis Moses, left last week for San Francisco where she will make her home in the future. Mrs. Moses made many friends during her residence in Pendleton and her departure is greatly regretted by them.

### Secure a Tailor.

Messrs. Schubert and Taylor, who recently purchased the bankrupt stock of the Boston Store and who at the conclusion of their bankrupt sale, intend to conduct an up-to-date haberdashery, have added a tailor to their force of employees. H. T. Lester has accepted the position and has commenced upon his duties.

### Leaves for New Post.

Clark Wood, veteran editor of the Western Leader, who recently disposed of that paper to accept a position with the Oregon Journal, passed through Pendleton this morning en route to the metropolis to take up his new duties. Wood is a newspaper man of much experience, a vocabulary limited only by the covers of the dictionary and a style all his own. His many friends predict success for him in his new field.

### Local Boy in Cornet Romance.

Claude Hampton, son of Mr. and Mrs. Steve Hampton of this city, who is attending the University of Oregon, scored a hit the other day as a novelty entertainer at the annual freshman Class Hour. In speaking of the affair, the Oregon Emerald has the following to say: "The real sensation of the day was the cornet travesty by Maurice Hyde and Claude Hampton. The motif was novel in the extreme—a complete romance told in the notes of popular songs. Both the performers are adepts with the cornet and their act proved so successful that they have already received a flattering offer to present the sketch at a local playhouse."

### Sells Insurance Business.

By a deal consummated yesterday, Clark E. Nelson, who recently retired from the Frazier-Nelson Book Co. becomes the owner of the insurance and real estate business conducted for many years by J. R. Dickson. Mr. Nelson will continue to occupy the office on Court street which Mr. Dickson has had but he will share it with Henry Collins, local manager of the Balfour-Guthrie grain company. Mr. Collins had previously planned to occupy the room in which the Sawtelle jewelry store was formerly located with Mr. Nelson having desk room there, but at that time the deal for the transfer of the Dickson business was not under way. By the change that will be made the Balfour-Guthrie company will go back to the office it formerly had when A. L. Knight was agent.

### Refused to Allow Search; Fined.

Because he refused to allow Deputy District Game Warden Rush Ramey of Ukiah to search his cellar and outhouses for venison, Earl Mulkey of Long Creek was haled into the Long Creek court, tried, convicted and fined, according to a message received this morning by District Warden E. F. Averill. Mr. Averill con-

### \$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

sidere the conviction as a matter of importance to the game service inasmuch as the residents of the south end of the county have always contended that the officers could not search their outbuildings without a warrant.

### Small Fire at Alta House.

Fire, supposedly of incendiary origin, started between one and two o'clock this morning at the Alta house on east Alta street but was quenched before any great damage was done. Because it started from the outside next to the ground, it is believed to have been the work of some firebug.

### Appraisers Appointed.

Letters of guardianship having been taken out by Mytle F. Carnes for Vician and Lowell E. Sturtevant, minors, Judge Maloney has appointed Henry Casteel, George Done and William Mathews as appraisers of the property belonging to the two children.

### Used Bad Language to Waitress.

Because he addressed Miss Nellie Maybray, a waitress, by a vile and obscene name, Sid Mun, a Chinese cook at one of the local hotels, was fined ten dollars in police court yesterday afternoon. She swore to the complaint against him and, at the trial, he admitted the term alleged to have been employed but declared he addressed it to the second cook. However, Judge Fitz Gerald failed to see any difference worthy of consideration in the plea.

### Real Estate Transaction.

Edward Morgan and wife to Mamie Brown for \$1200, that portion of block 186, Reservation addition to Pendleton described as follows: beginning at a point ten feet north of the southeast corner of the block, thence north 50 feet, thence west 100 feet, thence north 5 feet, thence west 100 feet, thence south 50 feet, thence east 100 feet to the place of beginning.

## MICHIGAN DEFEATS EQUAL SUFFRAGE

Detroit, Mich., April 8.—Incomplete returns indicate the probable defeat of suffrage by a large majority, the success of the republican state ticket and a notable decrease in the strength of the progressives.

Pendleton people will have a chance to see authentic pictures of the conditions in Dayton during the great floods when the Pastime theater, beginning tomorrow night will present motion pictures of the terrible devastation wrought by the waters in that city. These films are coming here directly from Portland.

"All Bound Round"  
Does your stomach feel that way after each meal? Your food is not being digested—makes you feel heavy—causes Gas, Heartburn, Sour Risings and Nausea. Listen, try  
**HOSTETTER'S  
STOMACH BITTERS**  
for a few days, and see how much it will help you. Take a bottle home to-day.

A "Texas Leaguer"  
but it did the trick. Good it was a Cork Center. With the old style rubber center ball it would have gone only as far as the second baseman. The Cork Center is just that much better. Not too lively, but just enough to at least give the batter an "even break."

Don't be persuaded to take any but a Cork Center ball. It is the only kind the big leagues use—and they have to have the best. The present day game has outgrown the old style ball, and players must keep pace or become "Mr. Bushers."

ALWAYS HAS IT FOR LESS.

where they were shown several days. Included with the flood pictures will be an entirely new change of program tomorrow night. The Pastime also has new pictures for tonight, it being the regular Tuesday's change, but in order to give the patrons an entirely new program, the management decided to secure new releases for Wednesday night and to offer in addition the flood pictures. While the flood pictures were shown in Portland, they received very favorable comment. They were secured while the flood was at its height and show actual scenes in the city of Dayton, thus giving the beholder an intimate idea of the desperate conditions in that city when it was engulfed by the waters of the Miami river. The pictures are said to be particularly clear and the film is the ordinary length so that one will be able to get a very good impression of the flood conditions. The pictures will be shown beginning tomorrow night and will continue on Thursday afternoon and night.
